WHAT THE JOB INVOLVES: Stationary Engineers, under supervision, operate, maintain and adjust steam power plant and electro-mechanical building equipment. They operate, maintain and adjust boilers, furnaces, engines, pumps, heat exchangers, generators, motors, chillers, cooling towers, equipment for heating, ventilating, air conditioning, lighting and associated equipment in public buildings, municipal pumping stations and incinerators; make periodic inspections of equipment and minor repairs to such equipment; perform preventive maintenance; take responsible charge of a watch, and while so engaged are responsible for and direct subordinate personnel; may operate control consoles in control rooms; prepare requisitions for materials and spare parts; instruct and train subordinates and other personnel; read meters, gauges, and other recording devices and log the data; keep records and make reports; as directed, inspect low pressure boilers in accordance with a unified inspection procedure instituted by the New York City Department of Buildings; and may operate a motor vehicle. All Stationary Engineers perform related work.

Some of the physical activities performed by Stationary Engineers and environmental conditions experienced are: working in confined areas in a physical plant, including the boiler room, heating and ventilating room; walking up and down stairs; climbing up and down ladders; shoveling coal; handling chemicals; and being around hazardous materials, such as asbestos and infectious waste.

Special Working Conditions: Stationary Engineers may be required to work shifts including nights, Saturdays, Sundays, and holidays.

(This is a brief description of what you might do in this position and does not include all the duties of this position.)

THE SALARY: The current minimum salary is \$49.21 per hour. This rate is subject to change.

HOW TO APPLY: If you believe that you meet the requirements in the "How to Qualify" section, there are two ways to apply for this examination:

1. **Online at the DCAS Website:** If you wish to apply online, go to the Online Application System (OASys) at www.nyc.gov/examsforjobs and follow the onscreen application instructions for electronically submitting your application and payment and completing any required forms. The following methods of payment are acceptable: major credit card, bank card associated with a bank account, or prepaid debit card which you may purchase online or at various retail outlets.
2. **By mail:** Refer to the "Required Forms" section below for the forms that you must fill out. Return all completed forms and the application fee to DCAS Application Unit, 1 Centre Street, 14th floor, New York, NY 10007 by **mail only**.

DCAS will not accept applications in person from candidates.

HOW TO QUALIFY:

License Requirement: By the **last day of the Application Period** you must possess a valid license for High Pressure Boiler Operating Engineer issued by the New York City Department of Buildings. You must complete all parts of Section C of the Education and Experience Test Paper, giving all required information on this license in order to qualify. This license must be maintained for the duration of employment.

For certain agencies, you will be required, within 90 days from the day of appointment, to obtain a valid certificate of fitness for Standpipe, Automatic Sprinkler and/or Air Compressor, issued by the New York City Fire Department.

For the Department of Sanitation only: At the time of appointment, you must have a motor vehicle driver license valid in the State of New York. If you have moving violations, license suspension or an accident record, you may be disqualified. This license must be maintained for the duration of your employment. You must also possess a Refrigerating Machine Operator's license (Unlimited Capacity) issued by the Fire Department with a CFC certificate.

You are responsible for determining whether or not you meet the qualification requirements for this examination prior to submitting your application. If you are marked "Not Qualified," your application fee will not be refunded and you will not receive a score.

Residency: City residency is not required for this position.

English Requirement: You must be able to understand and be understood in English.

Proof of Identity: Under the Immigration Reform and Control Act of 1986, you must be able to prove your identity and your right to obtain employment in the United States prior to employment with the City of New York.

REQUIRED FORMS:

1. **Application for Examination:** Make sure that you follow all instructions included with your application form, including payment of fee. Save a copy of the instructions for future reference.
2. **Education and Experience Test Paper:** Write your social security number in the box at the top right side of the cover page, and the examination title and number in the box provided. **Fill out Section B to indicate your experience and Section C to indicate your possession of a High Pressure Boiler Operating License, and Section D (Optional) to indicate your interest in Selective Certification.** This form must be filled out completely and in detail for you to receive your proper rating. Keep a copy of your completed Education and Experience Test Paper for your records.

THE TEST: Your score will be determined by an experience and license test. Your score on this test will be used to determine your place on an eligible list. On the experience and license test you will receive a score of 70 points for meeting the license requirement listed above. After this requirement is met, you will receive additional credit up to a maximum of 30 points on the following basis:

Additional Credit:
