AGENCY DESCRIPTION (Max characters 3000)

The NYC Department of Sanitation (DSNY) promotes a healthy environment through efficient management of the City's solid waste and environmentally sound long-range planning to handle New Yorkers recycling and garbage. DSNY is the world's largest sanitation department, collecting more than 10,500 tons of residential and institutional garbage and 1,760 tons of recyclables every day. DSNY also clears litter, snow and ice from some 6,000 miles of streets, removes debris from vacant lots and clears abandoned vehicles from City streets.

UNIT DESCRIPTION (Max characters 1000)

The Support Services Division includes the Bureau of Motor Equipment and the Bureau of Building Maintenance, which provide the equipment required for DSNY to perform its essential tasks. Support Services coordinates the activities of these two operating bureaus to ensure that current and future needs are met for equipment, garages, transfer stations, and related infrastructure.
