Re: Truck signage on West 22nd Street

Dear Commissioner Forgione,

Manhattan Community Board 4 (CB4) requests the assistance of the Department of Transportation to resolve the escalating truck traffic problem on our residential streets. We request that a “ No Trucks Except Local Deliveries” sign be installed at the approaches of West 22nd Street and 10th Avenue.

In recent months the volume of construction trucks has increased markedly on this residential street. The trucks start using the street – which is not a truck route – as early as 6 a.m. and this continues uninterrupted until late at night.

The Clement Clarke Moore Park is located on that block. Its playground is a destination for a large number of children in the neighborhood who travel the street to reach the park.

We appreciate an expeditious solution to this unsafe situation.

Sincerely,

Delores Rubin
