<b>Civil Service Title:</b>	Certified IT Developer (Applications)	<b>Level:</b>	III
<b>Title Code No.:</b>	13643	<b>Salary:</b>	\$71,869 – \$101,632
<b>Office Title:</b>	Certified IT Developer	<b>Work Location:</b>	22 Cortlandt Street, New York, NY
<b>Division/Work Unit:</b>	Division of Financial & Strategic Management/Bureau of Informatics and Information Technology (BIIT)	<b>No. of Positions:</b>	1
<b>Hours/Shift:</b>	Full-time	<b>Position(s)#:</b>	000348

**DIVISION/PROGRAM DESCRIPTION:**

The nation's leading local health department seeks a motivated, dynamic Certified IT Developer to join its award-winning, innovative technology team in revolutionizing public health IT. The New York City Department of Health and Mental Hygiene (DOHMH) uses the latest technologies and enterprise wide application solutions in its groundbreaking work to promote and protect New Yorkers' health and improve DOHMH's business operations.

**JOB DESCRIPTION:**

Under the supervision of the Director of Application and System Development, with broad scope for independent initiative and judgment, the IT Developer performs tasks related to the development of J2EE software applications. Duties include, but are not limited to developing, designing, implementing, enhancing, maintaining and analyzing software systems. The prospective employee should be familiar with the following concepts/ technologies: Java/J2EE, Web-based application development concepts and frameworks (Java/JSP/Struts), XML, XSLT, relational database management systems, and SQL. The candidate will also be responsible for reviewing and developing detailed system specifications and modifying existing applications to accommodate changing business needs.

**PREFERRED SKILLS:**

Minimum 2 years experience hands-on application development, including browser-based applications, with hands-on development in a production environment with JAVA/JSP, Struts, XML, XSLT, and MS SQL Server; hands-on experience with relational database design and implementation; experience with the development of web applications; excellent verbal and written communication skills and the ability to work independently and collaboratively; excellent analytical, organizational, and interpersonal skills; ability to analyze and understand complex business processes.

**QUALIFICATION REQUIREMENTS:**

**Professional/vendor certification(s) in computer applications programming that is required for the position to be filled.**

**In addition, all candidates must have the following:**

- 1. A Baccalaureate degree from an accredited college, and two years of satisfactory full-time (not classroom based) experience in computer applications development planning, design, configuration, installation, troubleshooting, integration, performance monitoring, maintenance, enhancement, and security management; or**
- 2. A four-year High School diploma or its educational equivalent and six years of satisfactory full-time (not classroom based) information technology experience of which at least 2 years must have been as described in (1) above; or**
- 3. A Masters degree in computer science or a related field from an accredited college may substitute for one year of experience. However, all candidates must have at least one year of satisfactory full-time (not classroom based) information technology experience as described in (1) above.**

**Note:**

**In addition to meeting the minimum Qualification Requirements:**

**Incumbents may be required to update existing and/or obtain additional professional industry-standard certification(s) for current and future technical environment(s) in which they may be assigned to work, as determined by the employing agency.**

**SPECIAL NOTE:**

**ALL APPLICANTS MUST HAVE: SUN CERTIFIED DEVELOPER FOR JAVA 2 PLATFORM**
