Weekdays 9 am to 9 pm
Weekends 9am to 3 pm

Welcome to **Staten Island Urgent Care**

Staten Island Urgent Care is a less costly and a more convenient alternative to an emergency room visit for non-emergency conditions. At **Staten Island Urgent Care**, we know that not all minor injuries and illnesses require hospital care and that there are times when your family physician is not available. Our convenient Urgent Care offers quality medical care, excellent customer service, and a knowledgeable staff to the communities we serve.

Staten Island Urgent Care is equipped with on-site x-ray, lab, and pharmacy, and treats a wide variety of general medical conditions. Come see for yourself what everyone is talking about. Stop by our Urgent Care when you need help *fast* or after regular office hours. Our Walk-In Urgent Care provides high quality, professional care and we want you to know that it has been our honor and privilege to have taken care of so many Staten Islanders.
