- all receipts produced by the re-calibrated taximeter shall reflect 3-1-1 in place of (212) NYC-TAXI.

Please note that by their first scheduled inspection after **Friday, June 4, 2004**, all taxicabs must:

- have their re-calibrated taximeters mile-run tested by a TLC-licensed taximeter shop, in accordance with TLC's Taxicab Owners Rules, §1-25(a)(5);
- be fitted with Braille and raised-letter plaques reflective of the new language provided above.
